Dear Jo

Re: HMI Probation thematic inspection of post-release supervision for short-term prisoners

I would like to take this opportunity to thank you and your members for your contribution to the above inspection. We are particularly grateful for the work undertaken to develop and administer the survey. The results provided valuable insight for our lead inspector and our report draws upon some of the survey findings.

We anticipate that the report will be published before the end of the month. We intend to hold a stakeholder event in advance of publication and would be pleased if you could attend. Invitations will be sent soon.

If you have any questions please do not hesitate to contact me.

Yours sincerely
